# Picasso Integrates Perfectly With YPI Channel Manager

Access, connection and automatic update of over 600 channels that is fully compatible with Picasso.

YPI Channel Manager is a comprehensive tool that helps to achieve the optimum operation and pricing in the hotel. YPI Channel manager has now been installed in 110 hotels in the last 18 months.

YPI provides two-way communication between your hotel system and your OTA channels and automatically controls availability, rates and restrictions. Reservations and prices, changes and cancellations downloaded directly to your PMS - eg. Picasso.

## News

- Availability check: Accept overbooking.
- Availability check: Rolling room types
- Various commissions at the same OTA channel of Picasso.

Country code mapping.
