## Save time in the restaurant - Enter the order directly at the table

We are pleased to present the new Picasso Mobile POS - an easy and time-saving handheld operating system for Picasso Digital.

Picasso Mobile POS provides an easier workflow and a better guest experience. The system can run on both iPhone/iPad/Android/tablet.

The waiter easily finds the items, as the system mirrors the Picasso Digital module used at the till.

Ordering is very fast, and sent immediately to the kitchen, while the prices are posted to the room or the table

**Would you like to be contacted and hear more?**

### Picasso Mobile POS:

- Can post items directly to room account or table tab.
- Handles splitbills.
- transfer table sales tabs to reservation accounts.
- The main Picasso Digital cashier is updated immediately when the order is entered in Picasso Mobile POS.
- Access to your entire Appetite product range. No need to duplicate your ware to a new app.
- Credit polices

## More news from Picasso Digital vol 11+

Picasso Digital is in constant development and is contiously adapted to our customers' changing needs.

The latest version of Picasso Digital is called vol. 11+ and contains over 150 new

include table seatings in the restaurant to stay packages.

## Table seating can be included in packages

One of the latest additions in Picasso Digital 11+ is the option to sell table reservations as part of a package of rooms, premises etc. That means the guest can order the complete stay experience in advance and the table is reserved automatically in Picasso Digital.

**If you need help using this feature, you can get help from the Picasso Support team at [picassosupport@techotel.dk](mailto:picassosupport@techotel.dk) or Tel. +45 3619 2130**

See complete list of new features in 11+ as pdf

## Great addition to the Picasso family

FLC Village in Rødbyhavn, Denmark consists of 1348 hotel apartments on 30,000 square meters, and is thus the largest apartment hotel in Scandinavia.

FLC Village houses the many employees who work for FLC on the world's longest submerged tunnel - The Femern-Belt Tunnel between Rødby in Denmark and Puttgarden in Germany.

FLC has now installed Picasso Digital 11+ and Mona AI to book and manage the many hotel apartments.
